

HOTELS VALUATION

The Dixon, Tower Bridge, Autograph Collection – Marriott Hotels

Located in the former Magistrates' Court and Police Station at London Tower Bridge, the building was originally constructed in 1906 with an impressive Grade II listed façade.

The building, which was vacated in 2013, has since been transformed into a high quality, upscale boutique hotel that is operated under the Marriott Autograph Collection brand.

The Hotel now provides a total of 193 bedrooms together with a range of impressive public spaces and a leisure club.

Colliers International was appointed by the lender to value the Hotel for loan security purposes.
